

WRAPAROUND RADIATION GLASSES

MODEL RG-1362

RG-1362-BK (*Black*)

DESCRIPTION

Phillips Model RG-1362 radiation protective glasses offer a stylish wrap-around style frame with removable rubberized foam insert. This frame is constructed of high impact TR-90 nylon, features rubberized soft grip nose pads and temple bars for secure fit, and has internal ventilation ports around the foam gasket to help reduce fogging. It also offers a wrap around 8 base lens design with our standard high quality, distortion-free SF-6 Schott glass radiation-reducing lenses with .75mm lead equivalency. Model 1362 fits best for Medium to Large style heads.

FEATURES

- *0.75mm Lead Equivalency Schott SF6 Radiation Protective Lenses*
- *Rubberized Soft Grip Temple Bars and Nose Pads for Secure Fit*
- *Rubberized Foam Insert with Fog-Reducing Ventilation Ports*
