

PHILLIPS CURVED BANANA TRANSFER BOARD

MODEL PTB-5014C

PTB-5014C

DESCRIPTION

The arched shape of the Phillips Curved Banana Transfer Board enables a variety of positioning options but allows for the natural sweeping motion of an assisted transfer. The Curved Banana Transfer Board is ideal for bed, car, wheelchair, and toileting transfers. The Curved Banana Transfer Board is made from durable, semi-rigid polyethylene that can be easily wiped down for cleaning and infection control.
